

CITY OF HEATH TAX CEILING

A tax ceiling, applying to persons who are disabled and to persons who are sixty-five (65) years of age or older, was recently approved for the City of Heath. Property owners who already have the qualifying exemption do not need to re-apply, in order to receive the ceiling. Those who do not have the exemption, but feel they would qualify for either the Age 65 and Older or Disabled Person exemption, must first apply and be approved before the ceiling would be placed on their property account.
